Motion, video & post-production, from brief to final grade.

I'm a multidisciplinary motion designer, editor and producer. I founded Kiremit Production at the METU Technopolis animation centre, managed post-production and VFX at Mordak Production, and since 2020 have run Aksoy Production Ltd in London.

CASE STUDY

Schnitzel Heaven: a London restaurant brand built on content

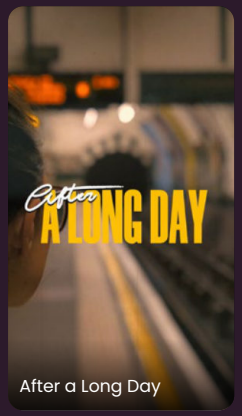

I created all the branding and digital content: food photography, short-form video, 2D animation, VFX, colour grading and sound design. Each reel was shot, edited and finished in-house for Instagram and TikTok.
